Homeowner Limited Lifetime Warranty Five Year Commercial Warranty

We warrant to the original consumer purchaser of our products that, our cabinets will be free from defects in material, finish and workmanship for a period of FIVE YEARS (5) from date of purchase, and Limited Lifetime on their structural integrity, as long as they own their home where our products are initially installed, our products will be free from defects in material and workmanship under normal home use and service at the original site of installation. This warranty is only applicable to our products used in residential applications within the United States and is not transferable to subsequent owners. Our obligation under this warranty shall be limited to the repair or replacement of any part or parts of our products which are determined by our examination to be defective under normal home use and service within the warranty period.

This warranty does not apply to the mellowing and aging of wood products due to the effect of natural and artificial light to woods and finishes, variation in the wood grain or color, or visible cracking around joints. This warranty does not over countertops, appliances, plumbing fixtures, etc. or the costs and expenses, including labor, incurred in removing or installing our products and related components. This warranty shall not apply to the effects of normal wear and tear or any product or part thereof which has been subject to accident, alteration, acts of God, abuse, misuse, improper installation, improper storage, excessive humidity or fluctuations in humidity, excessive exposure to direct sunlight, exposure to moisture or exposure to extreme temperatures. We make no warranty whatsoever with respect to accessories or parts not supplied or manufactured by us.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND CONDITIONS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR USE AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON OUR PART. WE NEITHER ASSUME, NOR AUTHORIZE ANY OTHER PERSON, INCLUDING OUR SALES REPRESENTATIVES, DEALERS AND DISTRIBUTORS, TO EXTEND OR ASSUME FOR US ANY OTHER WARRANTY, CONDITION OR LIABILITY IN CONNECTION WITH THE SALE OF OUR PRODUCTS. THE REPAIR OR REPLACEMENT OF DEFECTIVE PRODUCTS WILL BE THE PURCHASER'S EXCLUSIVE REMEDY AND THE PURCHASER HEREBY WAIVES ALL OTHER REMEDIES, WARRANTIES, CONDITIONS, GUARANTEES, AND/OR LIABILITIES (EXPRESS OR IMPLIED) ARISING BY LAW OF OTHERWISE, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES AND CONDITIONS, AND ALL CLAIMS AGAINST ENVOY CABINETRY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES.

Envoy reserves the right to alter design, specifications and material without obligation to make similar changes to products previously manufactured. If a warranty claim is filed after a style is no longer being manufactured by Envoy, Envoy reserves the right to honor the warranty by either replacing the affected part with a new part of the same style, or replacing the affected part and any other parts in the residential application to achieve a uniform appearance with a similar and comparable product style of the original purchased style. If parts are replaced, Envoy cannot guarantee that the finish of these replacements will exactly match the finish and appearance of the parts in the residential application. This is due to the changes that occur during the wood's natural aging process, affecting its color and grain.

This warranty gives you specific legal rights and you may have other rights, which vary from state to state. Some states may not allow the exclusion or limitation of consequential or incidental damages, so the above limitations or exclusions may not apply to you.

To file a warranty claim, contact your authorized Envoy dealer or distributor, who will arrange for inspection of our products. A dated receipt as proof of purchase is required to obtain benefits from this warranty. The authorized dealer or distributor will obtain the information necessary to make a claim decision and forward such information in writing to Envoy Cabinetry, Inc. for action on the claim. Warranty claims must include a complete description of how the defect occurred.

FINISH & WOOD APPROVAL FORM

Please submit this form with **ALL** orders to avoid delays in processing.

We feel it is important to explain some of the natural characteristics of woods and finishes which will have variations simply because of their hand-application and their natural origins. Perfection and consistency can be achieved with synthetic products like laminates and plastics, but with natural woods and hand-applied finishes, variations are inevitable and part of their unique beauty and charm. The variations outlined below are natural characteristics and should not be considered reason for product replacement or warranty.

CHARACTERISTICS OF WOOD:

Color, Grain & Texture: Wood is a product of nature and will vary in color, texture and grain. This natural variation is part of the beauty, character and charm of wood – no two pieces are exactly alike. Cabinetry is crafted with many different types and cuts of wood - solid wood, veneer and plywood – and each can affect the final look of the finish. Even the soil and climate in which a tree grew, can affect the color and graining and how the wood accepts a finish.

Age/Mellowing: As wood ages and with exposure to sunlight and other elements, it will change slightly in color – this is called “mellowing”. In most species, the color will darken slightly but with Alder, it will actually become a shade lighter. This color change is subtle and occurs over time but can occur rapidly with intense, direct exposure to sunlight. (See below.)

Moisture/Humidity: All woods are affected by moisture and seasonal changes in humidity. In high humidity conditions, wood will expand, and in low humidity, wood will contract. This normal wood movement is more noticeable with mitered joints (some door styles) and “Inset” cabinetry. It is important to maintain year-round humidity levels (during storage, installation and use) at approximately 35%. Cabinetry (and any wood product) should not be exposed to extreme fluctuations in temperature and/or humidity.

CHARACTERISTICS OF FINISH:

Hand-applied finishes (stains, paints, glazes and various distressing techniques), enhance the natural beauty of the wood. As with any hand-application, there can be subtle variations in the application, the absorption of the stain, and the glaze detailing. Glazes and hand-distressing techniques require an especially artistic application and are meant to be random. For all woods and finishes, it is important to view door samples and displays to see the full spectrum of color and wood variation that can occur. This is especially important for any glazed or distressed finishes due to their artistic application. Selections should not be based off a small color chip alone.

- ❖ **Natural Finish** - All woods in a natural finish will exhibit some color change (mellowing) when exposed to light. Any natural color variation within the wood will be more pronounced with a natural finish.
- ❖ **Dark stains on Maple or Alder** - Because of the “density” of Maple, and softness of Alder, these wood species have varying areas of density that may absorb stains differently within the same area and create an inconsistent appearance.
- ❖ **Paint Finishes** - Hairline cracks may appear at the joints due to natural wood movement with seasonal changes in humidity. Joint cracks will be especially noticeable on mitered doors and will not be considered reason for warranty replacement. Mitered doors are not recommended with paint finishes for this reason and should be used with caution in high humidity regions.
- ❖ **Glaze/Accent Finishes** - Glaze is applied and wiped by hand creating a “build up” in corners and profiles. Glaze is an artistic application and is intended to be random and unique for each application.
- ❖ **Distressed Finishes** - Multi-step finishes that use hand-detailing (distressing) require an artistic application and are intended to be random and unique for each application.
- ❖ **Exotic Veneers** - Exotic veneers have natural variations in grain pattern and color will be visible and are an expected characteristic.
- ❖ **“Mellowing”** - All wood species will change color with age and exposure to sunlight, heat and other elements. Some species are more susceptible to mellowing than others. Cherry will significantly darken as it ages. New cabinetry will be noticeably lighter in color than displays and aged samples, but will eventually mellow. Cherry can also exhibit areas of light and dark wood (heartwood and sapwood) within the same panel. Maple will darken and slightly yellow as it ages. Alder will lighten as it ages.
- ❖ **Custom Color Match Finish** - A Custom Color match is provided to the customer for approval of the general appearance and color of the finish. Natural wood variations grain, profiles and edge shapes may affect the final overall look.

Custom Color # _____ Custom Door # _____

The characteristics listed above have been discussed with our customer and they have been shown a representative sample of their applicable wood and/or finish. The customer understands this information and agrees not to hold the manufacturer, or the dealer responsible if they later determine these natural characteristics are not acceptable.

DISPLAY CENTER PROGRAM

(Use standard order form or contact your sales representative)

Standard display discounts are as follows:

# of Displays	Discount
1	25%
2	30%
3	35%
4	40%
5+	50%

Envoy Cabinetry defines a display as eight (8) linear feet or more of cabinets installed with appropriate accessories. Displays are paid under normal accounts terms. Discounts will be issued via credit memo after your cabinetry Rep submits documentation and photos to Envoy Cabinetry verifying the order is installed as a showroom display.

DELIVERY RATES FOR CABINETRY TO SOUTHERN CALIFORNIA AREAS:

- \$16 per Envoy Cabinetry volume count. (Up to 50 mile radius from Envoy)
 - \$120 minimum delivery.
 - \$4 per Envoy Cabinetry volume count over 50 mile radius from La Mirada.
-

DESCRIPTION OF SERVICE:

Rates include staging and warehousing of cabinetry for up to 14 days.
Delivery of cabinetry to 1st floor or garage.

DELIVERY DAYS:

Monday through Friday except Holidays.
Saturday and special time request by quote only.

AREAS OF SERVICE:

Southern California Counties of:
Los Angeles, Orange, Ventura, Riverside, San Bernardino, and San Diego.

Imperial County, outlying areas of San Bernardino and Riverside Counties, Kern County,
Santa Barbara County and San Luis Obispo County by quote only & curbside only.

ADDITIONAL CHARGES:

Canceled delivery 24 hours or less prior to delivery.	50% of invoice
Delivery refusal at job site or home.	100% of invoice
Stairs, long push or non-paved access. (This fee will be added to invoicing if not mentioned at time of delivery set up)	\$75 -\$150 surcharge
Will-call charge at La Mirada factory. (Fee is for packaging, pallets, etc)	\$5 per volume count
Warehousing & storage fee after 14 day FREE grace period.	\$1 per volume count per day

DELIVERY RATES FOR CABINETRY TO TUCSON & PHOENIX ARIZONA, LAS VEGAS, SALT LAKE CITY UTAH, SAN FRANCISCO & SACRAMENTO CALIFORNIA AREAS:

(All other Cities or States, call for quote.)

- \$16 base rate per Envoy Cabinetry volume count, 9 volume count or more.
 - \$150 minimum delivery charge - one pallet or 1 - 8 volume count.
 - \$150 additional for lift-gate/home delivery (cabinets palletized: curbside delivery only)
 - ***Any deliveries to locations other than approved warehousing centers, must be called into the factory for pricing and approval.***
-

DESCRIPTION OF SERVICE:

Base rates include delivery to warehousing centers only.
(Rates can change with notice.)

DELIVERY DAYS:

Monday through Friday except Holidays.
Saturday and special time request by quote only.
ADD 1-3 days from order acknowledgments for final delivery destination dates.

APPROVED WAREHOUSING CENTERS:

Las Vegas (NV) Area:

Sierra Moving Services
4780 Arville St.
Las Vegas, NV 89103
702-331-8216 (Sherry Miles)

COLORS AVAILABLE:

Walnut

MATERIAL:

MDF Substrate
with Walnut Melamine

MODEL #:

806SJ089

Medium density fiberboard (MDF) is an engineered wood product made by breaking down hardwood or softwood residuals into wood fibers. Combined with wax and a resin binder, high temperature and pressure is then applied to form panels. MDF is generally denser than plywood and is stronger and much more dense than particle board. MDF is primarily used in cabinetry due to its smooth, uniform, and non-warping characteristics.

Melamine resins are combined with decorative paper and then laminated using heat and pressure to an MDF substrate. This fusion creates a "melamine" finish. Melamines are durable and easy to clean.

Price Group 05

COLORS AVAILABLE:

Tawny

MATERIAL:

Wood - Pacific Maple

MODEL #:

050PN128

Wood is a natural product and therefore no two pieces are exactly alike. There will be variations in color and grain depending on the wood and the reaction to the finish applied

We recommend viewing several door samples to become familiar with the characteristics of the particular wood and finish you select.

Wood nature: Maple is known for its smooth texture, uniform grain and creamy white color, which may exhibit subtle variations from white to light brown. One of the inherent characteristics of Maple are mineral streaks, which occur naturally in the wood and may darken when stained. Maple will darken (mellow) and slightly yellow as it ages.

Stain/glaze finishes: Glaze is designed to "build up" in corners and profiles to accentuate carved details and create rich color and depth. Glaze adds a subtle tint to the base stain color as well as highlighting the details of the door style. Glazing is an artistic, hand-detailing technique and will have unique, subtle variations with each application.

Paint finishes: Wood naturally expands and contracts with seasonal changes in humidity. This normal wood movement is more apparent with painted finishes and will be most noticeable at joints where it will look like a "seam" or a hairline crack. This is a natural characteristic of painted finishes on wood.

Rocklin Shaker (RSS)

3" stiles and rails, recessed center panel, slab 3 pc drawer front.

Shadow

MATERIAL:

Wood - Alder

MODEL #:

049PN127

Wood is a natural product and therefore no two pieces are exactly alike. There will be variations in color and grain depending on the wood and the reaction to the finish applied

We recommend viewing several door samples to become familiar with the characteristics of the particular wood and finish you select.

Wood nature: Alder is a smooth hardwood with color and graining similar to cherry - ranging from a light honey color to a reddish-brown hue. With age, Alder will become a shade lighter (mellowing).

Stain/glaze finishes: Glaze is designed to "build up" in corners and profiles to accentuate carved details and create rich color and depth. Glaze adds a subtle tint to the base stain color as well as highlighting the details of the door style. Glazing is an artistic, hand-detailing technique and will have unique, subtle variations with each application.

Paint finishes: Wood naturally expands and contracts with seasonal changes in humidity. This normal wood movement is more apparent with painted finishes and will be most noticeable at joints where it will look like a "seam" or a hairline crack. This is a natural characteristic of painted finishes on wood.

Cassel (CB)

1 mm edge bend, vertical grain.

Price Group 07

COLORS AVAILABLE:

Bistre

MATERIAL:

MDF Substrate
with Norway Fir Veneer

MODEL #:

806PN126

Medium density fiberboard (MDF) is an engineered wood product made by breaking down hardwood or softwood residuals into wood fibers. Combined with wax and a resin binder, high temperature and pressure is then applied to form panels. MDF is generally denser than plywood and is stronger and much more dense than particle board. MDF is primarily used in cabinetry due to its smooth, uniform, and non-warping characteristics.

Wood nature: Fir has a light rosy hue with a remarkably straight and inviting grain pattern. Its uniform texture and non-resinous characteristics help produce consistent finishes. Fir will slightly lighten over time with age and exposure to sunlight.

Wood is a natural product and therefore no two pieces are exactly alike. There will be variations in color and grain depending on the veneers and reaction to the finish applied.

Marconi Shaker Paint (MSW)

3" stiles and rails, recessed center panel, 5 pc recessed drawer front.

Price Group 08

COLORS AVAILABLE:

White, Snowdrift, Sunglow,
 Fossil Gray, Abalone Gray,
 Trout Gray, Seal Gray,
 Anchor Gray, Thunder Gray

MATERIAL:

Wood - Pacific Maple, Paint Grade

MODEL #:

050PP797

Wood is a natural product and therefore no two pieces are exactly alike. There will be variations in color and grain depending on the wood and the reaction to the finish applied

We recommend viewing several door samples to become familiar with the characteristics of the particular wood and finish you select.

Wood nature: Maple is known for its smooth texture, uniform grain and creamy white color, which may exhibit subtle variations from white to light brown. One of the inherent characteristics of Maple are mineral streaks, which occur naturally in the wood and may darken when stained. Maple will darken (mellow) and slightly yellow as it ages.

Stain/glaze finishes: Glaze is designed to "build up" in corners and profiles to accentuate carved details and create rich color and depth. Glaze adds a subtle tint to the base stain color as well as highlighting the details of the door style. Glazing is an artistic, hand-detailing technique and will have unique, subtle variations with each application.

Paint finishes: Wood naturally expands and contracts with seasonal changes in humidity. This normal wood movement is more apparent with painted finishes and will be most noticeable at joints where it will look like a "seam" or a hairline crack. This is a natural characteristic of painted finishes on wood.

Marina Flat Panel Paint (MFPW)

2 3/4" stiles and rails, 5 pc recessed drawer front.

CABINET NO DOOR(S)

- Cabinet includes shelves, drawer boxes, accessories and glides where applicable.
- No doors or drawer fronts will be included.
- Cabinet will have white or wood veneer interiors unless you have selected a glass wall cabinet with finished interiors.
- Can be ordered for any standard cabinet.

Examples:

W3030-ND

B1D3034-ND

TU3690-ND

CODE	WALL	BASE	VANITY	TALL
ND	-15%	-15%	-15%	-15%

REDUCED DEPTH

- Minimum depth of a cabinet without a drawer is 9".
- Minimum depth of a cabinet with a drawer and glides is 13".
- All other depths with drawers are quoted only (will add to lead times).
- Some cabinets may not be able to be modified.
- Corner cabinets excluded.
- Specify depth after code, i.e. B1D3034-RD15
- Please note: base & tall cabinet shelves are set back from front of box 2 1/2" (i.e. TU3090-RD9 has a shelf 2 1/2" less than box). Wall cabinets are set back 1".
- Reduce width in increments of 1/4". i.e. B1D3034-RD18.75.

Examples:

W3030-RDxx

B1D3034-RDxx

TU3690-RDxx

CODE	WALL	BASE	VANITY	TALL
RD	\$300	\$300	\$300	\$500

REDUCED WIDTH

- Only available on MSW, MFPW, & MW painted cabinets.
- Use next standard size cabinet **larger** than the requested size.
- Minimum width of cabinet without a drawer is 6"
- Minimum width of cabinet with a drawer and glides is 7".
- Some cabinets may not be able to be modified.
- Corner cabinets excluded. Custom quote only.
- Specify width after code, i.e. B1D3034-RW29
- Reduce width in increments of 1/4". i.e. W3030-RW29.75.
- Depending on size of stiles and rails, modification can lead to slab doors and drawer fronts.

Examples:

CODE	WALL	BASE	VANITY	TALL
RW	\$550	\$700	\$700	\$1,100

REDUCED HEIGHT

- Only available on MSW, MFPW, & MW painted cabinets.
- Use next standard size cabinet **larger** than the requested size.
- Minimum height of base cabinet without a drawer is 15". One drawer base cabinet is 21".
Two drawer base cabinet is 18". Three drawer base cabinet is 24". Four drawer base cabinet is 31".
- Minimum height of a wall cabinet is 6".
- Minimum tall cabinet height to be 66".
- Specify height after code, i.e. TU1884-RH81.
- Reduce height in increments of 1/4". i.e. TU1884-RH66.75.
- Depending on size of stiles and rails, modification can lead to slab doors and drawer fronts.
- Upper section of standard tall cabinets will decrease in size with the modification.
- Lower section of standard base and vanity cabinets will decrease in size. Top drawer, if applicable, will remain the same size.
- All other cabinet configurations to be custom quoted.

Examples:

W3030-RHxx

Please Note:
reduction will be
from the top
section only.

TU3690-RHxx

B1D3034-RHxx

CODE	WALL	BASE	VANITY	TALL
RH	\$550	\$700	\$700	\$900

SINK BASE & BASE WITH INVERTED DRAWER

Available:

- B1D1234 - BID3934
- B2DD3034 - B2DD4234
- BSC1534 - BSC4234
- B1D1228 - BID3628
- VBSC1834 - VBSC4234
- VB1D1234 - VB1D3934
- VB2DD3034 - VB2DD4234
- Specify part number followed by modification code.
Example: VB1D3634-IDF
- Note: Sink base units will not have a drawer box

A fixed bottom floor will be added above drawer box.

CODE	BASE	DESK	VANITY
IDF	\$400	\$400	\$400

CUSTOM CUT PANELS, 3/4" & 1/4"

Available:

- FP3496 (3/4")
- FP9634 (3/4")
- FP4834 (3/4")
- RP2696(3/4")
- FS4896 (1/4")
- All 3/4" Wall Panels
- All 3/4" Base Panels
- All 3/4" Tall Panels
- Specify part number to be cut, followed by modification code and size.
Examples:
